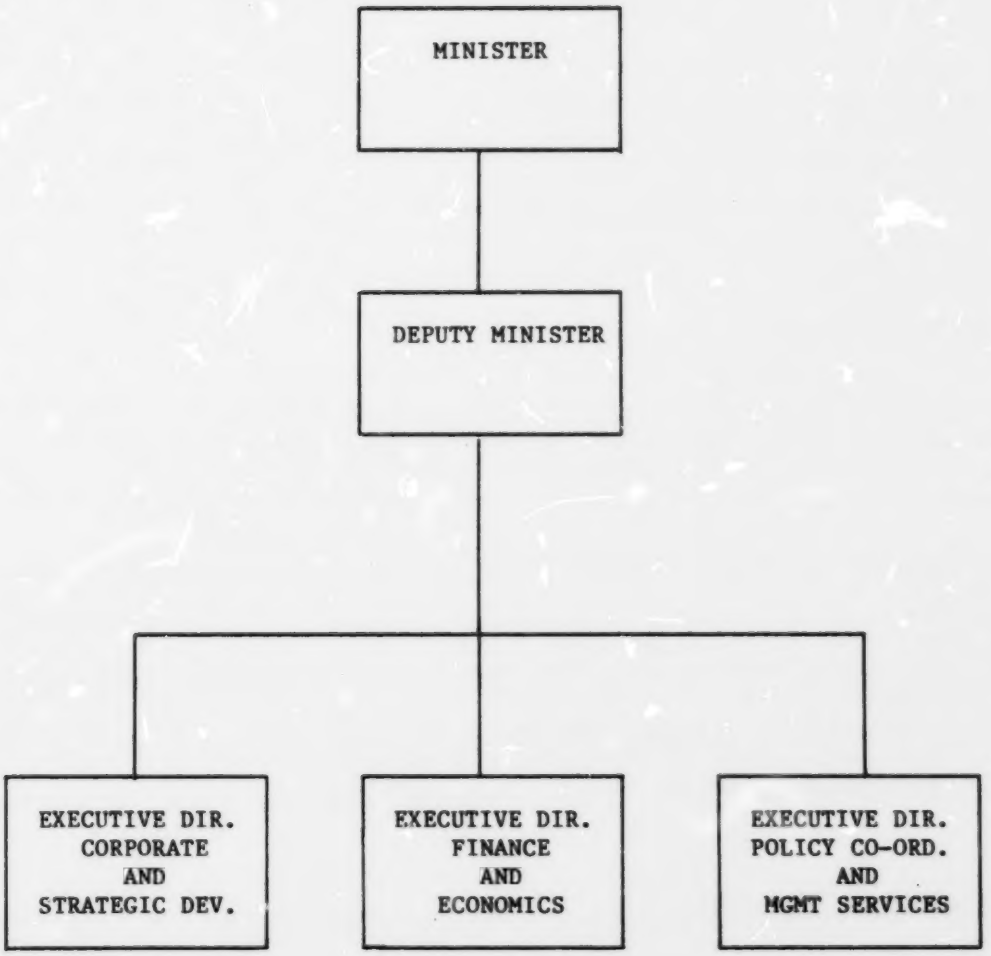
MANITOBA CROWN INVESTMENTS

ORGANIZATION STRUCTURE



MINISTER
DEPUTY MINISTER
EXECUTIVE DIR. CORPORATE AND STRATEGIC DEV.
EXECUTIVE DIR. FINANCE AND ECONOMICS
EXECUTIVE DIR. POLICY CO-ORD. AND MGMT SERVICES

INTRODUCTION

In 1982 the Department of Crown Investments was established under the authority of the Executive Government Act.

Nineteen of Manitoba's Crown corporations were designated as coming under the auspices of Manitoba Crown Investments. These Crown corporations produce a wide variety of products and services that impact on virtually every sector of the provincial economy.

Together, these Crown corporations employ over 11 thousand people, have accumulated over $4.7 billion in assets, and generate over $1.7 billion in revenues per annum (see Charts appended).

MISSION STATEMENT

The mandate of the Department emphasizes the importance of effective two-way communication between the Government and the Crown corporations. The departmental mandate is:

> To ensure, through effective two-way communications, that Crown corporations develop and implement strategies which reflect government policies.

DEPARTMENTAL STRUCTURE

The Department is divided into three broad areas of responsibility.

Corporate Development and Strategic Planning assists the Crown corporations in the implementation of corporate planning capacity in accordance with government guidelines.

Finance and Economics monitors the economic development activities of the Crown corporations and ensures that the application of corporate projects is consistent with government policy and guidelines.

Policy Coordination and Management Services promotes the design and implementation of corporate policy guidelines, human resource and other management systems that ensure compatibility with government policy and direction.

SUBSEQUENT EVENTS

On November 26, 1986 the Premier announced a new comprehensive system for policy direction, monitoring and dialogue with Crown corporations.

Central to the approach is increased government supervision of Crown corporations, increased dialogue with Crown corporation Boards and Executive management, improved planning within the corporations and strengthened reporting and assessment systems, both within the corporations and to the government.

A Cabinet Committee on Crown Corporation Reform to be responsible for finalizing and implementing this new and comprehensive approach to Crown corporations has been established.
